Editor’s Preface	vii
Author’s Preface	ix
List of Tables	xiv
List of Figures	xvi
Introduction	1
1 A Likelihood Ratio Test for Bimodality in Two-Component Mixtures	9
1.1 Introduction	9
1.2 The Likelihood Ratio Test for Bimodality	10
1.3 Simulations	14
1.4 Application to the Cross-Regional Income Distribution in the EU	16
2 Twin Peaks or Three Components?	21
2.1 Introduction	21
2.2 Statistical Methodology and Data	22
2.2.1 Data	22
2.2.2 Testing for the Number of Components in a Finite Mixture	23
2.2.3 Discriminant Analysis via Posterior Probabilities	27
2.2.4 More Flexible Mixtures and Model Checking	28
2.2.5 Parametric and Nonparametric Kernel Density Estimation	28
2.3 Results	30
2.3.1 Selecting the Number of Components	30
2.3.2 Evolution of the Cross-Country Distribution of Income	30
2.3.3 Intra-distributional Dynamics Based on Posterior Probabilities	33
2.4 Conclusions	35
3 Income Distribution Dynamics and Pro-Poor Growth	37
3.1 Introduction	37
3.2 Methodology and Data	39
3.2.1 Data	39

3.2.2	Mixtures of Log-Normal Distributions	39
3.2.3	Discussion	41
3.3	The Global Income Distribution	41
3.3.1	Inequality and Poverty	41
3.3.2	Growth Incidence Curves and Pro-Poor Growth	43
3.4	Regional Income Distributions	47
3.4.1	Regional Income Distributions	47
3.4.2	Regional Poverty and Inequality Measures	48
3.4.3	Regional Growth Incidence Curves	50
3.5	Conclusions	53
4	EU-ACP Economic Partnership Agreements	55
4.1	Introduction	55
4.2	State of the EPA Negotiations	56
4.3	Economic Analysis of EPAs	58
4.3.1	Review of the Literature	58
4.3.2	Theoretical Framework	59
4.4	Empirical Analysis and Policy Implications	62
4.4.1	Elasticities for Import Demand	62
4.4.2	Welfare Effects of an EPA	64
4.5	Conclusions	67
5	Political Institutions and Human Development	69
5.1	Introduction	69
5.2	The Political Economy of Democracy and Human Development	71
5.2.1	How Can Political Institutions Influence Human Development?	72
5.2.2	What Determines Public Service Provision Especially in Democracies?	75
5.2.3	Summary and Working Hypotheses	76
5.3	Empirical Links between Democracy and Human Development	77
5.3.1	Empirical Implementation	77
5.3.2	Descriptive Statistics	79
5.3.3	Panel Analysis	80
5.4	Conclusions	85
Appendices		89
	Appendix to Essay 1	89
	Appendix to Essay 2	91
	Appendix to Essay 3	101
	Appendix to Essay 4	117
	Appendix to Essay 5	121
Bibliography		131
